

# CS480/680, Winter 2024

## Assignment 2

Designer: Yanting Miao; Instructor: Hongyang Zhang

Released: Feb 8; Due: March 7

### Instruction

- We do not accept hand-written submissions.
- This assignment is due by noon on March 7, 2024.
- All the questions should be answered in the IPYNB file. Unless otherwise specified, all implementations should be in Python. Before submission, please make sure that your code can run without any errors. Also, be sure to save the output of each cell, as any missing output may not be graded.
- Please submit the following one of two files to LEARN:
  - A write-up in PDF format: generated from the IPYNB file.
  - An IPYNB file: your implementations for ALL coding questions. Please save the output of each cell, or your coding questions may NOT be graded.
